The road safety plan (RSAP) was launched by highway minister Nitin Gadkari, who said the government has been working on various measures, especially with electronic equipment and roll-over protection structures for tractor-trailers. The new interlockers to be introduced under the relevant guidelines on Off-Highway Equipment Operation (OHEO II) would include seat-belt-type lap and/or shoulder restraints to vehicles, as well as e-log (electronic logging unit) and/or VFM (vehicle in motion) devices. At present, seat belts are installed on two out of every five vehicles registered in the country. Further, only those vehicles having seat belts are considered

to be roadworthy. Ajai Sahni, executive director, Institute of Road Traffic Education, said most crashes occur at night, when visibility is
