Golden Bugs The Golden Bugs are a faction in Square Enix's role-playing video game Final Fantasy X. Their final name, "The Guardians," was changed to "The Golden Bugs" after the US release. They are a general term used to refer to dark members of the X-Saber Team. After the final battle against Sin and Tidus, the X-Saber Team celebrates by holding a party. The Golden Bugs later appear during the epilogue of X-2, and the side-quests in X-2. X-Saber Team The X-Saber Team is a group of enemies which appeared in the PlayStation 2 game Final Fantasy X, and was the main antagonist of the Final Fantasy X-2 sequel. The X-Saber Team is directly related to the Nightsister, a race of witches inhabiting the dream world of Midgar. Episodes 1-4 and X-2 have Tidus and Yuna as their main characters. In the Final Fantasy X-2 storyline, a new character, Auron, appears; he later reappears during the X-2 epilogue as an ally of the X-Saber Team. In addition, a character named Sin appears in the main story, making him the second main antagonist of the game. Sin's role will also appear in Final Fantasy X-2. The Final Fantasy X-2 epilogue reveals that the X-Saber Team failed in their attempts to save the X-Saber from Sin. As the final battle begins, the X-Saber Team, along with their

When push comes to shove, the new mantra in St. Marys seems to be: The law is a wee bit different for me than it is for you. Judge Mark S. Davis recently wrote a series of four opinions that dealt with a wide variety of issues. One of the more flagrant examples of the government's failure to enforce its own laws and to uphold the rights of citizens while simultaneously ignoring due process was provided by the judge's response to the mad scientist's attempt to grow marijuana in his own basement, or which was it: the Defendant's own porch. Do these bots get updated when new patch arrives? Note that the bug fixes will also apply to existing save games. Q: How do I achieve "discrete" grouping in AngularJS?
